

Prepay for School Lunches Online!!

Johnson City School Food Service now has a new online service available for parents.

mySchoolBucks.com is a convenient online service that allows parents to make payments to their child's meal account using Visa, Mastercard or a Debit card.

Parents can create an account on the website and, for a small fee, prepay money directly into their child's account. Added benefits are the ability to view purchases, set up low-balance email reminders and even schedule recurring payments.

For privacy, a user must know the student's birth date and name to add them to an account. For added security, balances and purchase history are not displayed on the website until the account is validated with the first payment.

This service virtually eliminates worries about lost or stolen lunch money and gives parents visibility into what their children are eating at school. Create your account at www.mySchoolBucks.com today! If you have any questions, please contact Linda Arnold at 434-5228.
