365.2422

That's how many days it takes the earth to orbit the sun... and that's why we have leap year. We add a day to the month of February every four years to make up for the .2422 days that just won't fit in our regular year!

LEAP YEAR 2012

A HERO OF THE REVOLUTION

James Armistead was a Revolutionary War patriot and spy. He slipped behind enemy lines and obtained information about British troops in Virginia that helped the American side win the war at the Battle of Yorktown. He later added the last name "Lafayette" as a tribute to French General Lafayette who fought with George Washington and the Americans during the war.
