Have fun around the water this summer, but please **BE SAFE**. Every year, about 4,000 Americans drown, many of them kids. Kids under 14 are more likely to drown in a swimming pool, while teens 15 and older are more likely to drown while swimming in a river, lake, or ocean. Know your ability and your limitations. And don't swim alone.

Try not to grow up too fast on us.

The school year probably seems like it takes forever to you. But to your parents (and to us), it seems like you're a baby one day and all grown up the next. If you're moving on to a new school next year, good luck. If not, we'll see you back here in a couple of months. But, either way, please do us a favor this summer: try to enjoy just being a kid. Because before you know it, a grown-up will be staring back at you from the mirror!
