Try not to grow up too fast on us.

The school year probably seems like it takes forever to you. But to your parents (and to us), it seems like you're a baby one day and all grown up the next. If you're moving on to a new school next year, good luck. If not, we'll see you back here in a couple of months. But, either way, please do us a favor this summer: try to enjoy just being a kid. Because before you know it, a grown-up will be staring back at you from the mirror!
